July at \$1.054. This price for the May delivery is within four cents of the best mark reached during the memorable Gates campaign in 1905, when the price

touched \$1.2152.

The high prices prevailing for the future deliveries are due in a large extent to the constantly advancing tendency in to the constantly advancing tendency in the price of the cash grain, which is being eagerly sought by millers at all of the leading grain centres in this country. Congestion in the May delivery, brought about by manipulation by sev-eral leading operators on the Board here, however, is responsible partly for the advance.

TTHAT IS, something is wrong with baby, but we can't teil just what it is. All mothers recognize the term by the lassitude, weakness, loss of appetite, inclination to sleep, heavy breathing, and lack of interest shown by baby. These are the symptoms of sickness. It may be fever, congestion, worms, croup, diphtheria, or scarlatina. Do not lose a minute. Give the child Castoria. It will start the digestive organs into operation, open the pores of the skin, carry off the fætid matter, and drive away the threatened sickness.

Genuine Castoria always bears the signature of Chart H. Flutchers

What Happened To Mary.

Mary had no work to do, and to her life seemed most cruel; But she knew a thing or two, having been to cooking school. Some one said: "Go advertise in The World without delay." That's exactly what she did, and found a place the self-same day.

Do World "Situation Wanted" advertisements reach employers? Last year The World printed 345,462 separate "Help Wanted" ads.-ABOUT THREE TIMES the 115,894 in the Herald.
